MEDIA NOTE: The Health In Motion Mobile Medical Unit staff will continue to provide the H1N1 vaccine at no cost in conjunction with other Health In Motion services during March.

Health services and free H1N1 flu vaccines available

The Sarasota County Health Department's Health In Motion Mobile Medical Unit will travel to 15 sites in Sarasota County during March to offer free H1N1 vaccines along with their other services. These include diabetes education and screening, blood pressure tests, pregnancy testing, HIV and tuberculosis testing, adult immunizations and health education to those who lack medical insurance and do not have a healthcare provider. Assistance with finding a permanent health care provider is also available.

No appointments are needed. Some services are free, including HIV rapid testing with results in 20 minutes. Other services are offered on a sliding-fee scale based on income. Licensed volunteer physicians from the Senior Friendship Center provide basic medical care when the mobile medical unit is at the Salvation Army in Sarasota. A registered nurse is available at all sites.

A schedule of dates for the mobile unit follows below:
