Shannon Staub reappointed to NACo leadership positions

Sarasota County Commissioner Shannon Staub has been reappointed to two key leadership positions in the National Association of Counties (NACo).

Staub was named Chair of the Green Government Advisory Board and Vice Chair of the Environment, Energy and Land Use Steering Committee.

The Green Government Advisory Board advises NACo on the development and implementation of the organization's sustainability programs. The advisory board is made up of leaders from both county government and private organizations, and ensures that NACo sustainability initiatives are timely, innovative, and meet the needs of counties nationwide.

The Environment, Energy and Land Use Steering Committee provides direction for NACo on air and water pollution control, waste management, and water resources and energy. The committee also focuses on comprehensive planning, coastal zone management, growth management and recreation.

NACo represents counties nationwide and is composed of county leaders who develop and shape the association's mission and goals.
